Dear Mr Ambassador

Assalamu Alaikum.

I am writing to you regarding the severe crisis facing Pakistan in the border regions. I am increasingly alarmed at the regular US bombings through Pakistani airspace and onto Pakistani soil in the FATA and NWFP in what is a clear violation of the sovereignty of the country. Many innocent people have died and thousands more are displaced.

It is clear that there is a war by the US on Pakistan but without any formal declaration. It is my belief that the US has designs on Pakistan as it did on Iraq and Afghanistan before.

Furthermore, this American war is what provokes much of the internal strife in Pakistan.

We are a country of 160 million Muslims and have one of the world's strongest armies. Yet our political leaders have done nothing to defend the country against such aggression.

It is time that we stopped fighting America's war, killing our own people, and allowing them to kill our people whilst violating our sovereignty. The government must take firm action, severing ties with the US and defending the borders, or else step aside and allow a sincere leadership to assume the role to defend Pakistan.

Yours sincerely
